Mandate

Under Executive Order No. 366, November 13, 2009, the FNRI is mandated to:

> Undertake researches that define the citizenry’s nutritional status, with reference to the malnutrition problem, its causes and effects,
> Develop and recommend policy options, strategies, programs and projects which address the malnutrition problem for implementation by appropriate agencies, and
> Diffuse knowledge and technologies in food and nutrition and provide S&T services to relevant stakeholders.

Vision

OPTIMUM NUTRITION for all Filipinos, socially and economically empowered through scientifically sound, environment-friendly and globally competitive technologies.

Mission

As the lead agency in food and nutrition research and development in the country, the FNRI fights malnutrition with accurate data, correct information and innovative technologies.
